

Functional Inc.

“Driving Banking Efficiency.”

Mission

To empower financial institutions, technical industries, and commercial enterprises across the Philippines with cutting-edge cash management, check processing, and wide-format printing solutions. We are committed to delivering specialized support, reliable systems, and responsive service that ensure operational efficiency and customer satisfaction.

Vision

To be the most trusted provider of integrated financial and technical systems in the Philippines recognized for innovation, excellence in service, and long-standing partnerships that drive progress in banking, engineering, and business sectors.
